

Luxe Planter Range

The Luxe range of exciting new metal designs gives you the ability to create contemporary and sophisticated landscape designs.

Steel can be powder coated in a colour of your choice to make a bold statement, or choose galvanised or brushed effects for a smart, modern appearance. We use high quality 304 grade stainless steel as it has great corrosion resistance. They are perfect for long-term use outdoors, and equally suited to indoor use.

Our eye-catching new Cor-Ten steel option weathers gradually over time, giving a beautiful rust-like patina on the surface. Unmatched by any other material, it brings a truly unique finish to your planting scheme.

We can create these stunning planters in any size to match your needs, or you can choose from one of our standard sizes:
