

Our gecoPlas Benches offer you a fantastic eco-friendly seating solution, perfect for any space.

Made from 100% high grade recycled plastic the gecoPlas range helps reduce waste plastic pollution while offering you a premium quality bench that will last a lifetime.

Fully weather resistant, the hardwearing gecoPlas Benches require zero maintenance and will never rot,

splinter or develop any cracks, no matter the weather conditions.

The gecoPlas range is constructed using only stainless-steel fixings, wirox screws and BZP bolts to ensure a robust long life, which is backed up by our 25-year guarantee.

All of our gecoPlas benches have the option to add a floor fixing kit and can be personalised with a memorial plaque or commemorative engraving.

# gecoPlas Recycled Benches

Sizes available: 1200mm, 1500mm, 1800mm (L)  
Bench Dimensions: 630mm x 950mm (W x H)

## The Highbarn Bench

A very popular design that offers the appearance of timber with all the benefits of 100% recycled plastic. Simple to maintain, and weather and rot resistant. The Highbarn bench offers a sustainable option that will complement any area.

Seating 2-4 people, The Highbarn features a curved seat and armrest to maximise comfort and support.

Designed to be extremely durable and hardwearing, The Highbarn can be simply cleaned with a towel or cloth and will not absorb any surface water thanks to the eco-friendly materials used in its production.

Colour Options Available

Sizes available: 1200mm, 1500mm, 2000mm (L)  
Bench Dimensions: 580mm x 890mm (W x H)

## The Lincomb Bench

The Lincomb combines a classic design with an eco-friendly recycled plastic seat and support slats, providing a sturdy seating option that can comfortably accommodate up to 5 people.

Completely weather resistant, The Lincomb requires no ongoing maintenance, painting or staining, making it the perfect seating solution for any area.

Manufactured using 100% recycled plastic, The Lincomb is an eco-friendly, hardwearing choice that will continue to look great for many years.

Colour Options Available

Sizes available: 1200mm, 1400mm (L)  
Bench Dimensions: 640mm x 830mm (W x H)

## The Sandale Bench

The Sandale Bench has a traditional timber appearance alongside a fantastic ergonomic design. The arched legs combined with wide back supports combine style and comfort, offering a relaxed seating position.

Made from 100% recycled plastic, The Sandale can withstand all the elements, requires zero maintenance, and will never rot or splinter.

The robust, graffiti resistant construction offers the perfect hardwearing, sustainable seating solution for any street scene, green space, park, holiday park or picnic area.
