

Traditional Picnic Benches

Everyone loves a picnic and we have the products to ensure a great time will be had by all. All of our sturdy and strong picnic benches are manufactured in the UK from FSC timber and pressure treated in a rich solvent free stain. Heavyweight timbers are used throughout for construction strength and with a choice of shape and sizes to suit all your needs; we have the bench for you.

Lockington

Lockington

With fold-up seats, the Lockington is ideal for company outdoor dining or chill out zones.

Lockington Table (790001)

Dimensions: 1800mm x 1390mm x 740mm (LWH)

Bonington

Bonington

The heaviest of our picnic benches, the Bonington is constructed in heavyweight timber throughout, with a double bar stretcher for maximum strength.

Bonington Table (790003)

Dimensions: 1830mm x 1640mm x 730mm (LWH)

Hemington

Hemington

The Hemington A-frame bench is our smallest picnic table, suitable for pubs, clubs and general open air use.

Hemington Table (790002)

Dimensions: 1620mm x 1485mm x 740mm (LWH)
